**VIA Electronic Filing**

The Honorable Kimberly D. Bose, Secretary  
Federal Energy Regulatory Commission  
888 First Street, N.E.  
Washington, DC 20426

**Re: Supplement to July 31, 2013 Annual Informational Filing Regarding ISO-NE  
Tariff Charges in Effect as of June 1, 2013, Pursuant to Docket Nos. RT04-2-  
000, et. al.**

Dear Secretary Bose:

The Participating Transmission Owners' Administrative Committee ("PTO AC") on behalf of New England's Participating Transmission Owners ("PTOs") hereby electronically submits for informational purposes this letter and supporting materials to supplement its July 31, 2013 informational filing in the above captioned proceeding.

**I. Background**

On July 31, 2013, the PTOs submitted to the Commission the PTO AC Informational Filing ("July 31 Informational Filing") identifying updated rates for regional transmission charges for Scheduling, System Control and Dispatch Service ("S&D"), Through or Out ("TOUT") and Regional Network Service ("RNS") pursuant to Commission-approved formula rates contained under Section II of the ISO New England Inc. ("ISO-NE") Transmission, Markets and Services Tariff ("ISO-NE Tariff").<sup>1</sup> These charges were based on actual cost data for calendar year 2012 and estimated data for calendar year 2013 and became effective as of June 1, 2013. Subsequently, on October 1, 2013, a supplemental PTO AC Informational Filing ("October 1 Supplemental Filing") was submitted which revised the June 1, 2013 S&D and RNS rates.

Pursuant to Section II, Attachment F and Schedule 1 of the ISO-NE Tariff, the PTOs are required to submit an informational filing to the Commission annually before July 31, of each year reflecting the calculation of regional transmission rates based on the most recent calendar year data. The ISO-NE Tariff also makes provision for revising the informational filing, and hence the rates for regional transmission services, in the event that an error is found or if there is a change to the underlying data used in the calculation of the rates. Under Schedule 1 and Attachment F, "[i]f there are any corrections made to the information reflected in the

---

<sup>1</sup> See ISO-NE Tariff, Section II, Schedules 1, 8 and 9.

informational filing after it has been submitted, the PTOs will file corrections to the informational filing.”<sup>2</sup> Attachment F makes clear that an informational filing “does not reopen the formula rate...but rather is contestable only with respect to the accuracy of the information contained in the informational filing.”<sup>3</sup>

## **II. Description of Adjustments Made to the July 31, 2013 Annual Informational Filing, as supplemented on October 1, 2013**

This supplemental filing contains revised information related to the Town of Wallingford Department of Public Utilities, Electric Division (“Wallingford”) and Connecticut Municipal Electric Energy Cooperative (“CMEEC”). These revisions do not change the S&D, TOUT or RNS rates presently in effect through May 31, 2014.

The revised information reflects the disassociation of Wallingford from CMEEC. Wallingford has elected to become an additional PTO, and has executed the Transmission Operating Agreement (“TOA”) turning control of its transmission assets over to ISO New England, Inc. This will cause Wallingford’s transmission revenue requirements to be recovered through the mechanisms provided for in the ISO-NE Tariff under its own authority as a PTO, rather than through CMEEC.

The revised support sheet for Schedule 9 is included in Attachment 1 to this filing and reflects separate revenue requirement information for Wallingford and a reduction to CMEEC’s revenue requirement as a result of the removal of Wallingford. The support data for CMEEC has been revised to reflect the removal of Wallingford from its total PTF revenue requirements and is included in Attachment 2. There is no change to the supporting data for Wallingford as a result its migration to an individual PTO.

## **III. Charges Resulting from the Adjustments Reflected in This Supplement to the July 31, 2013 Annual Informational Filing, as supplemented October 1, 2013**

There is no change to the S&D, TOUT or RNS rates as a result of the revised information.

## **IV. Attachments and Additional Supporting Information**

- This Transmittal Letter;
- Revised support sheet for Regional Network Service (Schedule 9) for rates effective January 1, 2014 – May 31, 2014 (Attachment 1);
- Revised Summary of CMEEC’s PTF revenue requirement worksheet (Attachment 2);
- Service List of state regulators and other interested parties (Attachment 3); and

---

<sup>2</sup> *ISO-NE Tariff*, Section II, Schedule 1, and Attachment F.

<sup>3</sup> *ISO-NE Tariff*, Section II, Attachment F Implementation Rule

- List of Participating Transmission Owners sponsoring this supplemental informational filing (Attachment 4).

## **V. Communications**

The PTOs request that correspondence and communications in this proceeding with respect to this supplemental informational filing be addressed to the representatives of the PTOs identified in Attachment 4. Accordingly, the PTOs request that these individuals be entered on the official service list maintained by the Secretary in this proceeding.

A copy of this submission is being sent to state regulators in New England, the New England Conference of Public Utility Commissioners (“NECPUC”), ISO New England, Inc., NEPOOL and the Power Planning Committee of the New England Governors Conference, Inc. Attachment 3 identifies the entities to which this filing has been sent. In addition, Attachment 4 includes a service list of the PTOs making up the PTO AC and sponsoring this filing.

Thank you for your attention to this matter. Please contact me if you have any questions concerning this informational filing.

Respectfully submitted,

/s/ Michael J. Hall

Michael J. Hall, Esq.  
Counsel to Northeast Utilities  
& Chair of the PTO AC Legal Work Group  
On behalf of the PTO Administrative Committee
