

memo

To: Interested Stakeholders

From: Craig A. Kazin – Supervisor, Market Analysis
ISO Information Contact (413) 535-4124

Date: December 1, 2020

Subject: Q4 2020 Status Report

Posted at this [URL](#) is a complete listing of the current status (as of September 1, 2020) of information requests. Following is a comparison of the request counts at June 1, 2020 and September 1, 2020:

Request Classification	Status as of Sep. 1, 2020	Status as of Dec. 1, 2020	Change
<i>Received New</i>		0	-
1 – Completed	67	67	-
2 – Closed	42	42	-
3 – Scheduled	1	1	-
4 – Assess	4	4	-
Totals	114	114	-

The next update to this report will be on March 1, 2021.

CAPA-110260 (involving multiple billing accounts for participants) update: Phase 10's first component (subaccount reporting for Day-Ahead and Real-Time Energy) was implemented on April 1, 2020. The latest information on this project, including future efforts, is found on the Customer Readiness 12-month Outlook page on the ISO's website accessible [here](#).

Please continue to direct all new formal information requests to the ISO's Information Contact via [e-mail](#). For questions regarding information that is already published by the ISO, please contact the Market Support Services Department.

See the Information & Data Requests [web page](#) to use the form for submitting a request for data.
