Attention: Michael J. Hall, Esq.
Chair of the PTO AC Legal Working Group

Reference: Annual Informational Filing

Dear Mr. Hall:

On July 30, 2010, on behalf of New England's Participating Transmission Owners (PTOs), you filed an informational report which identifies the updated rates for regional transmission and scheduling, system control and dispatch services effective as of June 1, 2010 under Section II of the ISO New England Inc. Transmission, Markets and Services Tariff, designated as FERC Electric Tariff No. 3 (ISO Tariff). The updated charges are based on actual cost data for 2009 and estimated charges for 2010 pursuant to the formula rates contained in Attachment F and Schedule 1 under Section II of the ISO Tariff. The annual update results in a Pool Regional Network Service Rate of \$64.83/kW-year, reflecting an increase of \$4.88/kW-year over the \$59.95/Kw-year that was in effect last year. The annual update to the Scheduling, System Control and Dispatch charge of \$1.65/kW-year reflects an increase of \$.13/kW-year over the \$1.52/kW-year charge that was in effect last year. Your filing in the above referenced docket is accepted for informational purposes.

This letter accepts your submittal as an informational filing only. Such acceptance is without prejudice to parties' and the Commission's rights to review and challenge the information and also in accordance with any statutory rights that parties and the Commission may have. This letter also advises the PTOs that the Informational Filing in the forthcoming years should be submitted, for informational purposes only, in Docket No. RT04-2-000. Upon receipt, the Commission will not act on or notice the

informational filing because the Formula Rate provides specific procedures for review and challenges to the informational report.

This action is taken pursuant to the authority delegated to the Director, Division of Electric Power Regulation - East, under 18 C.F.R. 375.307.

This acceptance for filing shall not be construed as constituting approval of any service, rate, charge, classification, or any rule, regulation, contract, or practice affecting such rate or service contained in your filing; nor shall such acceptance be deemed as recognition of any claimed contractual right or obligation associated therewith; and such action is without prejudice to any findings or orders which have been or may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against ISO-NE.

This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order, pursuant to 18 C.F.R. 385.713.

Sincerely,

Jignasa Gadani, Director
Division of Electric Power
Regulation - East
