Pursuant to F.R.A.P. 15(d) and D.C. Cir. Rule 15(b), ISO New England Inc. (the “ISO”) hereby moves to intervene in the above-captioned petition for review. In this proceeding, TransCanada Power Marketing, Ltd. (“TransCanada”) seeks review of the following orders issued by the Federal Energy Regulatory Commission (“FERC” or “Commission”):

- The ISO is intervening generally in support of the Commission. As required by F.R.A.P. 26.1 and D.C. Cir. Rule 26.1, a Corporate Disclosure Statement for the ISO is enclosed with this pleading.

Created in 1997, the ISO is an independent, not-for-profit corporation responsible for the day-to-day reliable operation of New England's bulk power generation and transmission system; development and operation of the region's wholesale electricity markets, which opened in 1999; and management of a comprehensive regional bulk power system planning process. The ISO serves the New England region which includes Connecticut, Massachusetts, New Hampshire, Rhode Island, Vermont and the majority of Maine. In support of its functions, the ISO makes filings before the FERC as required by the Federal Power Act.¹

In the Initial Order, the Commission conditionally accepted the ISO's filing of its 2013-2014 Winter Reliability Program, consisting of demand response, oil inventory service, dual-fuel testing and market monitoring changes. The ISO conducted the program and filed the bid results with the Commission. In the Rehearing Order, the Commission rejected TransCanada's rehearing request relating to the Initial Order.

The ISO actively participated in the proceedings before the Commission that gave rise to this petition for review. Moreover, the ISO will be directly affected by the Court's decision in this proceeding. The Court should, therefore, grant this motion to intervene.

¹ 16 U.S.C. §§ 791a-825r (2010).

Respectfully submitted,

ISO New England Inc.

ISO New England Inc. (the “ISO”) is filing this Corporate Disclosure Statement in compliance with F.R.A.P. 26.1 and D.C. Cir. Rule 26.1. The ISO is a private, not-for-profit corporation organized under the laws of the State of Delaware that is responsible for operation of New England’s bulk power system. The New England region controlled by the ISO encompasses Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont.

The ISO has no corporate parents. The ISO does not issue stock; therefore, no publicly held corporation owns 10% or more of its stock.

Respectfully submitted,

ISO New England Inc.
